19 January 2022

**CHITOSE GROUP**

CULTIVATING  
THE FUTURE

# Challenges incubation centers facing

Lack of business knowledge, mentors

**Lack of knowledgeable persons**

Lack of knowledge of IP and tech transfer

Lack of network with private sector

**Lack of network**

Lack of network with supporting organization

Limited funding availability

**Shortage of financial support**

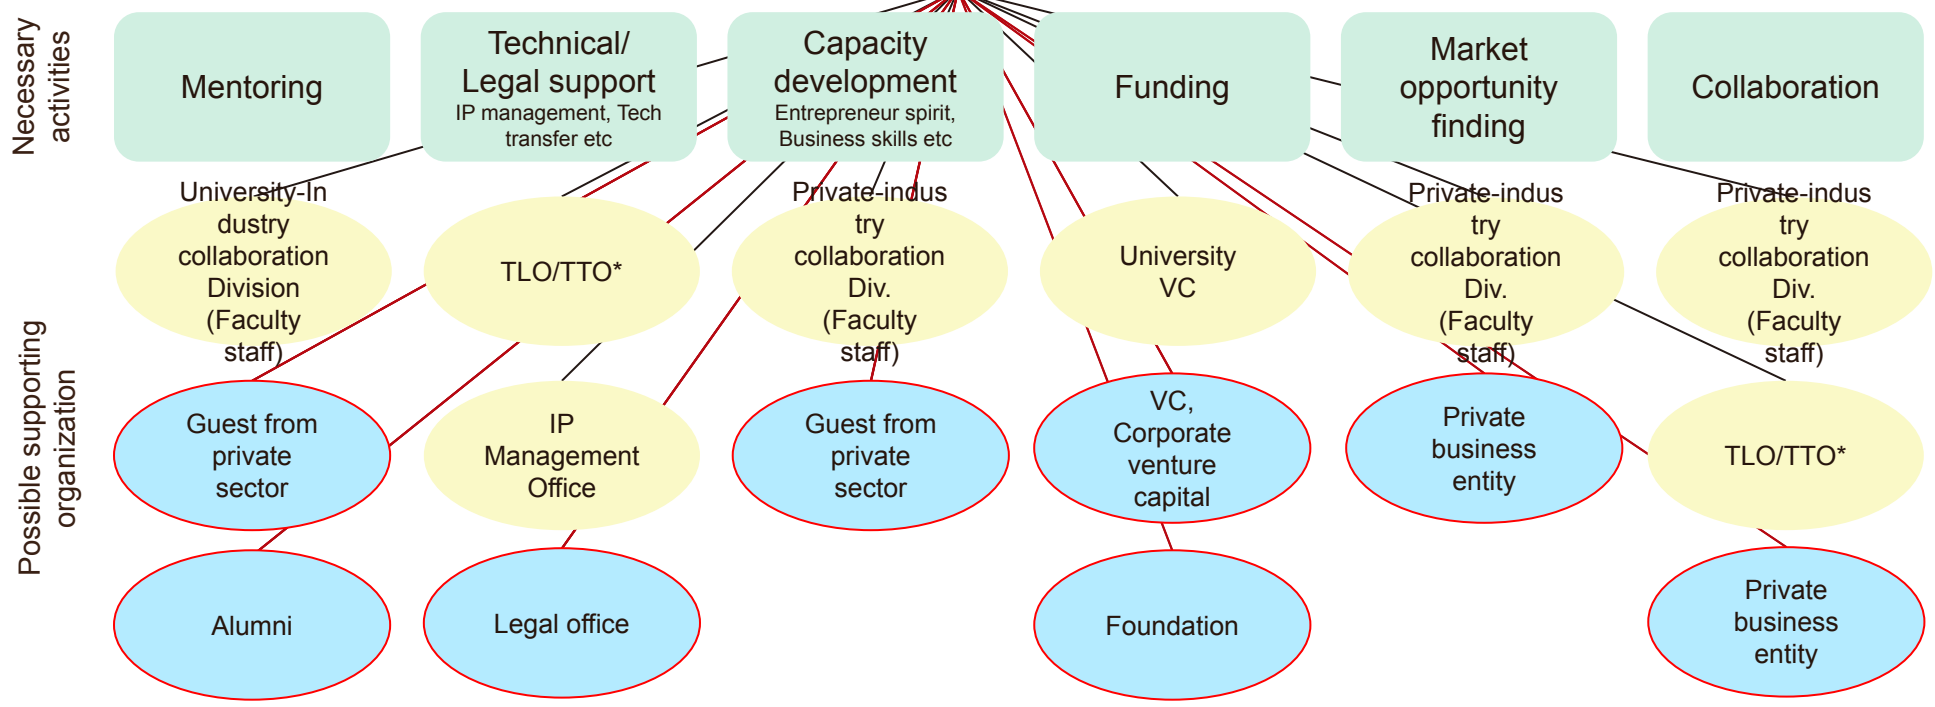

Limited facility (such as internet, PC...)

Unsustainable incubatee interest

**Lack of attractive program**

High dropout rates

# Utilization of external partners

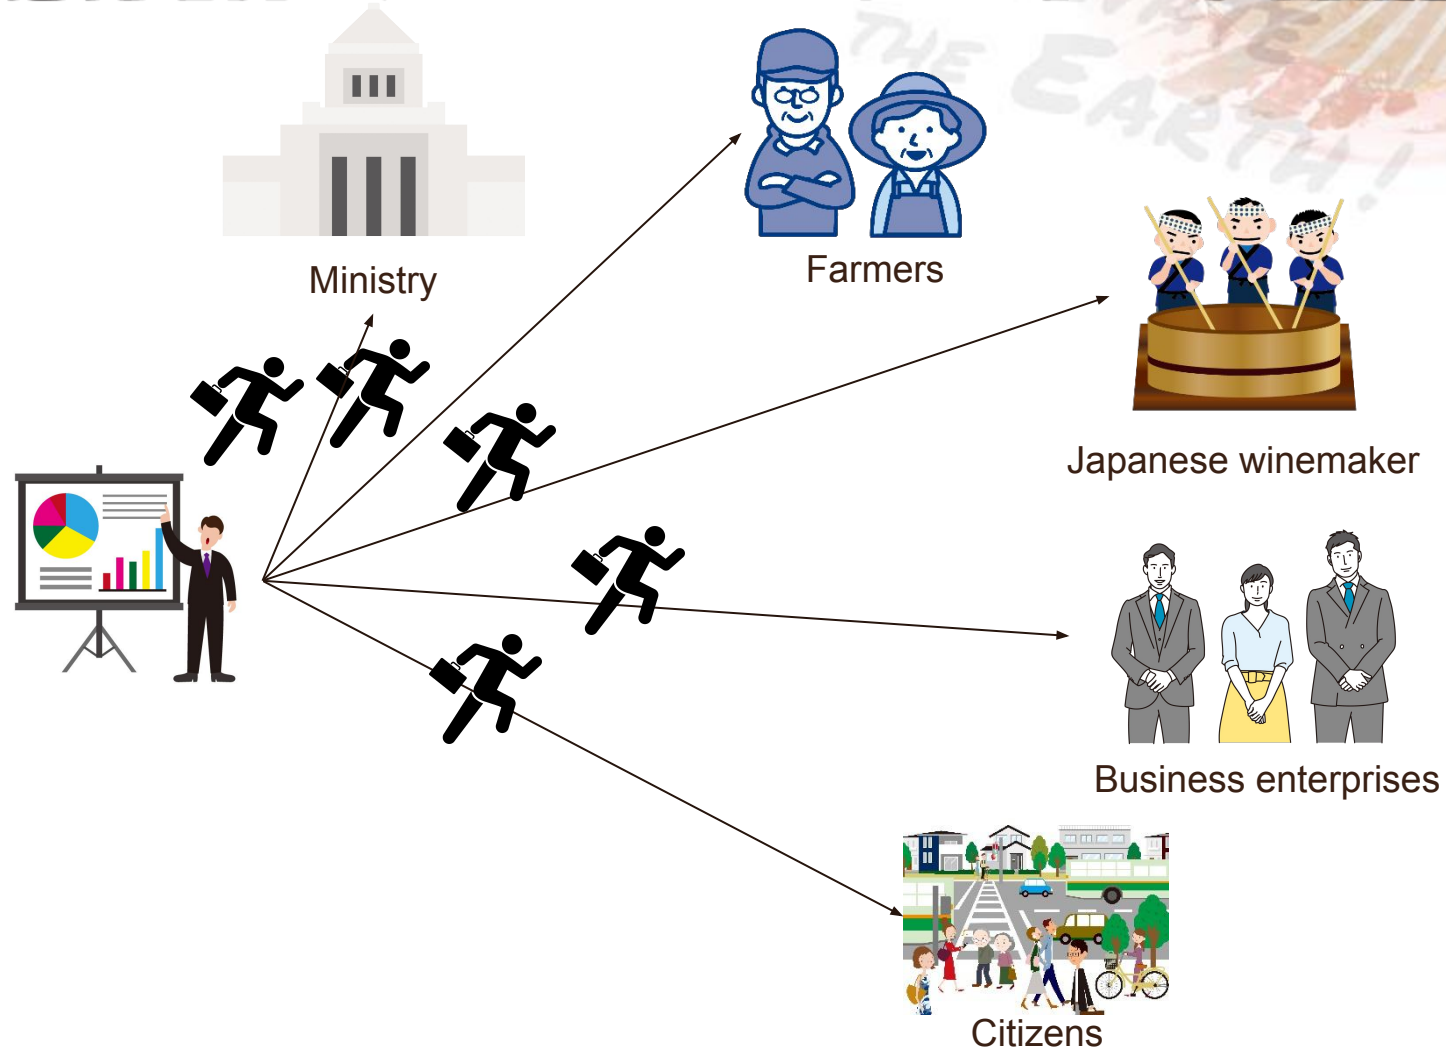

\*Technology licensing office/Technology transfer office

# How did they develop a network?

Shared vision, made agreements, built relationships and collaborated.

# Our suggestion

Need to explain

- your vision
- what you want to do
- what you want them to do
- how the activities are beneficial for them
- why the collaboration contributes to regional development.

**Develop a presentation material with your vision and build a network with us.**

# Key elements of the networking presentation

Make sure what **you want the potential partner to do.**

Make **research on the potential partner.** (What his/her motivation is?)

----- ↑Before developing the presentation / ↓ Contents of the presentation. -----

Explain what are the **common issues/challenges.**

Explain **how the issues/challenges can be solved.**

Explain **why you can do that** if you can receive the assistance/support from the partner.  
(with passion)

Explain how it is **beneficial for the potential partner.**

Tell the potential partner **what you want them to do.**

CULTURE

# Develop your own presentation

**1** Regional issues in the Republic of Crane

- Less employment opportunity
- Population outflow of highly educated person (brain drain)
- Poor infrastructure due to less tax income

Unemployment rate recorded 18% in 2020.

More than 50% university graduates flow out of the city.

More than 80% of road is unpaved.

**2** Issues of our regional challenges in the Republic of Crane

- Availability of fresh and affordable vegetables (import dependent)
- Unavailability of safe and affordable drinking water
- Disease caused by mosquitos

We want to solve these issues by incubating start-ups

**3** The impact of solving regional challenges by incubating start-ups

**4** It is necessary to increase the number of start-ups

You can modify the template.

Imagine a potential partner and what you want them to do.

Use images or pictures as much as possible.

You may better add figures on slide No. 1 and 2, but not mandatory.

You should change regional issues and challenges according to the situation in your region.(Slide No. 1 and 2)

You may change elements in the slide No. 3, or use as it is if it makes sense.

I think you can use Slide No. 4 as it is, but you can change if necessary.

Use many images pictures on Slide No 5 and

You may add some more slides to introduce your incubation center. (Slode No. 6)

You may change the supports provided by incubation center based on your policy.(Slide No. 7 – 9)

Choose the necessary support on slide No. 11. just as an example. (We may change it when we decide on a potential partner to meet.)

**5** Technology

**6** Development

**11** Humble request

- Mentoring support
- Having one-hour weekly meetings for 2 project. (either online or face to face)
- Provide advice for their commercialization of research.
- Advice on their presentation material, pitch-deck, business model, networking, grant application etc.
- Mentoring fee: XXX / 1 meeting

# Next event and necessary preparation

GMT 12:00  
Thu., 3 Feb 2022
