What's Mendeley?

Mendeley is a reference management software and academic social network that helps one:

- ❖ Organize research by managing citation and documents
- ❖ Collaborate with other researchers
- ❖ Discover latest research in an area of interest

Mendeley is available in both online and offline versions

- ❖ **Mendeley Desktop** is the offline version, downloaded and installed in the computer.
- ❖ **Mendeley Web** is online where you can access the web version of your library, edit your profile and search for papers, groups or people
